# Appalachian Work Camps

Logan County West Virginia Housing Recovery

Bring help and hope to Logan County West Virginia with your College or Parish Group, Youth (16 and over) and/or Adults.

Logan, WV is an hour south of Charleston and Yeager Airport in the beautiful Appalachian Mountains along the Guyandotte River. However, the county has a high rate of poverty at 21.8% and is devastated by frequent flooding. Low-income residents never fully restore their flood ravaged homes and many suffer from chronic health conditions due to untreated mold.

Work in a community setting with local families making necessary home repairs for the safety and efficiency of their homes.

Spring, Summer or Fall break Camps are available for 3 nights or week long projects. Camp groups stay in our community dormitory at St. Francis of Assisi Catholic Church with an equipped kitchen and library.

Three night Camp is \$175 per person

Four to Six nights is \$250 per person

\$25 per person non-refundable deposit required at registration

Visit [www.catholiccharitieswv.org](http://www.catholiccharitieswv.org) for registration forms
