## *Programs*

JustFaith Ministries offers extended programs that provide opportunities for individuals to study and be formed by the justice tradition articulated by the Scriptures, the Church's historical witness, theological inquiry and Church social teaching. JustFaith Ministries programs help individuals experience conversion, integrating their personal spirituality with social commitment. Participants are empowered to develop a passion and thirst for justice and to express this passion in concrete acts of social ministry in their parish or church and in the community at large.

These programs are tools that have proven time and again to be effective strategies for training and forming individuals as agents of social transformation. They are exciting opportunities for parishes, churches, dioceses, agencies and small faith communities interested in expanding and promoting social ministry.
